## Overview

The Royal Academy of dance opened their new headquarters in Battersea, London, with Harlequin flooring in all seven studios and the performance space.

The Royal Academy of Dance is a world leader in dance education and training. Founded in 1920, they have been teaching the world to dance for over 100 years. Through an international network of dance teachers, the RAD supports and connects a global community of more than 400,000 students, and dancers of all ages and abilities, in more than 80 countries.

## ROYAL ACADEMY OF DANCE

## Product choice

### The solution:

Completed installation of over 1200m<sup>2</sup> of flooring which included seven large dance studios with Harlequin Activity sprung floor and Harlequin Cascade vinyl performance floor.

Each studio also has bespoke Harlequin ballet barres and mirrors. The RAD required bespoke colours so the ballet barres matched other RAD furnishings.

Harlequin water cut the mirrors to fit the wall mounted ballet barres directly to the walls to create a seamless and neat finish.

**Harlequin Activity sprung floor**
